INSTRUCTIONS

Complete this form, print and sign it, and serve a hard copy upon the West Allis City Clerk. If you have questions about how to fill out this form, please contact a private attorney who can assist you.

NOTICE OF CLAIM

Date of incident: 01/23/2024 Time of day: 06:45am
Location: Just before the intersection of Beloit Rd. and 76th St.

Describe the circumstances of your claim here. You may attach additional sheets or exhibits. Some helpful information may be the police report, pictures of the incident or damage, a diagram of the location, a list of injuries, a list of property damage, names and contact information for witnesses to the incident, and any other information relevant to the circumstances.

I was heading South on Beloit towards 76th St. and struck a huge cutout in the road located just before the intersection of Beloit Rd and 76th St. This location was where they were doing some road construction the day/night before. There were no signs or barricades indicating there was a giant piece of road missing. Upon impact of the missing road I got an immediate blowout of my front right tire as well as rim damage. It also caused me to get a flat on my front left tire rendering my vehicle immobile. There were multiple cars pulled over on the side of the road just after the intersection with their hazards on and flat tires. I have attached pictures and quotes of the damage to my vehicle.

Damage caused:

- 2 flat tires
- 1 bent rim (causing it to be not functional)

Check one:

- I am seeking damages at this time (complete Claim Amount section below)
- I am submitting this notice without a claim for damages. This claim is not complete and will not be processed until I submit a claim for damages on a later date.

Signed: Brett Finke

Date: 1/31/24

CLAIM AMOUNT

To complete this claim, attach an itemized statement of damages sought. If any damages are for repair to property, include at least 2 estimates for repairs.

The total amount sought is: \$ 1,109.28

Tire was completely blown out on impact.

Rim was bent and failed to hold air of new replacement tire. Rim had to be replaced.
