Based upon the foregoing, by closing on the acquisition of the property Developer shall be deemed to have acquired the Property upon the basis of its review and determination of the applicability and effect of such laws and regulations, except as expressly provided in this Agreement.

C. Warranties. The Developer further acknowledges that West Allis, its agents and employees and other persons acting on behalf of West Allis have made no representation or warranty of any kind in connection with any matter relating to the condition, value, fitness, use or zoning of the Property upon which the Developers have relied directly or indirectly for any purpose other than as may be expressly provided in this Agreement.

32. Successors and Assigns. This Agreement and all rights and obligations therein, including but not limited

to the indemnification provisions thereunder, may be assigned by Developers to an affiliated entity upon notice to West Allis. For purposes of this Section 32, the term “affiliated entity” shall mean an entity controlling or controlled by or under common control with Developer.

33. Execution in Counterparts. This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original Agreement, but all of which together shall constitute one and the same instrument.

34. Titles and Headings. Titles and headings to sections or subsections are for purposes of references only and shall in no way limit, define, or otherwise affect the provisions herein.

35. Entire Agreement. This Agreement, including the schedules and Exhibits annexed hereto, and listed as follows:

Exhibit A - Legal Description of the Property,

Exhibit B - Project Elevation and Site Plan

Exhibit C - Warranty Deed Form

Exhibit D – Intentionally omitted

Exhibit E - Development Agreement

Exhibit F - Development Financing Agreement

Exhibit G - Memorandum of Agreements

Exhibit H –Guaranty of Performance

constitutes the entire agreement and supersedes all other prior agreements and understandings, both written and oral, by the Parties or any of them, with respect to the subject matter hereof.

36. Interpretation. Unless the context requires otherwise, all words used in this Agreement in the singular number shall extend to and include the plural, all words in the plural number shall extend to and include the

singular, and all words in any gender shall extend to and include all genders.

37. Construction. West Allis and the Developer acknowledge that each Party and its counsel have reviewed and revised this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement or any amendments or exhibits hereto.

38. Severability. If any term or provision of this Agreement is determined to be invalid, illegal or incapable of being enforced by any rule or law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect.

39. Default Provisions and Remedies.

A. Except as provided herein, should the Developer default under this Agreement, in addition to all other rights and remedies provided for in this Agreement and the Development Agreement, West Allis shall have the following specific rights and remedies: (1) with respect to matters that are capable of being corrected by West Allis, West Allis may at its option enter upon the Property for the purpose of correcting the default and West Allis's reasonable costs in correcting same, plus interest, shall be paid by the Developer to West Allis immediately upon demand; (2) injunctive relief; (3) action for specific performance; and (4) action for direct money damages.

B. Except as provided herein, should West Allis default under this Agreement, in addition to all other rights and remedies provided for in this Agreement and the Development Agreement, the Developer shall have the following specific rights and remedies: (1) with respect to matters that are capable of being corrected by the Developer, the Developer may at its option correct the default and the Developer's reasonable costs in correcting same, plus interest, shall be paid by West Allis to the Developer

immediately upon demand; (2) injunctive relief; (3) action for specific performance; and (4) action for direct money damages.

C. No Party shall be liable to another for consequential, indirect, incidental or exemplary damages, whether based on contract, negligence, and strict liability or otherwise. In any action to enforce this Agreement, the prevailing Party shall be entitled to costs, including statutory attorney's fees. Actual attorney's fees shall not be awarded.

D. A breach of any of the material provisions of this Agreement shall constitute a default. In addition, the following shall constitute the Developer's default under this Agreement:

(1). The Developer fails to perform or satisfy any of its obligations under this Agreement or the Development Agreement within ten (10) days following written notice from West Allis; provided, however, if the default is not reasonably susceptible of cure within such ten (10) day period, then the Developer shall have such additional time to cure the default as may be reasonably necessary so long as the Developer is diligently pursuing such cure to completion.

(2). Developer is adjudicated insolvent or generally does not pay or becomes unable to pay or admit in writing to its inability to pay, its debts as they mature.

(3). The Developer makes an assignment for the benefit of creditors or to an agent authorized to liquidate any substantial amount of assets.

(4). The Developer becomes the subject of an "order for relief" within the meaning of the United States Bankruptcy Code or file a petition in bankruptcy, for reorganization or to effect a plan or other arrangement with creditors.

(5). The Developer has a petition or application filed against it in bankruptcy or any similar proceeding or have such a proceeding commenced against it, and such petition, application or proceeding shall remain undismissed for a period of ninety (90) days or the Developer shall file an answer to such petition or application, admitting the material allegations thereof.

(6). The Developer applies to a court for the appointment of a receiver or custodian for any of its assets or properties or have a receiver or custodian appointed for any of its assets or properties, with or without consent, and such receiver shall not be discharged within ninety (90) days after his appointment.

(7). The Developer adopts a plan of complete liquidation of its assets.

E. In addition to all other remedies West Allis may have under this Agreement or at law or in equity, in the event the Developer is beyond all cure periods and does not commence and/or complete construction of the Project as set forth above, West Allis may, but shall not be required to, purchase the Property for the price paid to West Allis by the Developer (assuming no construction has occurred on the Property), by giving written notice to the Developer of its intention to repurchase. Upon receipt of such notice, Developer shall have an additional opportunity to cure based on submission to West Allis of an acceptable plan of cure and reasonable timelines (not to exceed ninety days) to complete such cure. If construction of the Project has begun, the repurchase price shall be the sums expended toward the Project together with the purchase price of the Property the Developer paid to West Allis. If West Allis and Developer are not able to reach agreement as to the repurchase price, the value of improvements (but not the land which shall be the purchase price paid by the Developer to Authority) will be based upon fair market value. If the Parties cannot agree on the fair market value of the improvements, such value will be determined by appraisals as follows. Any party, may by notice to another, appoint a disinterested MAI appraiser as one of the appraisers. Within ten (10) days thereafter another Party shall, by written notice to the party appointing the first appraiser, appoint another disinterested MAI appraiser as a second appraiser. The appraisers thus appointed shall appoint a third disinterested MAI appraiser, and such three appraisers shall as promptly as possible determine such value, provided however that:

(1). If the second appraiser shall not have been appointed as aforesaid, the first appraiser shall proceed to determine such value; and

(2). If, within five (5) days after the appointment of the second appraiser, the two appraisers appointed by the Parties shall be unable to agree upon the appointment of a third appraiser, they shall give written notice of such failure to agree to the Parties, and, if the Parties fail to agree upon the selection of such third appraiser within five (5) days after the appraisers appointed by the Parties gave notice as aforesaid, then within five (5) days thereafter either of the Parties upon written notice to the other party hereto may apply for such appointment to the Circuit Court of Milwaukee County in which the Property is located.

(3). The Parties shall each be entitled to present evidence and argument to the appraisers. The determination of the majority of the appraisers or the sole appraiser, as the case may be, shall be conclusive upon the Parties and judgment upon the same may be entered in any court having jurisdiction thereof. The appraisers shall give written notice to the Parties stating their determination, and shall furnish to each Party a copy of such determination signed by them. The expense of such appraisal(s) shall be borne equally by the Parties. In the event of the failure, refusal or inability of any appraiser to act, a new appraiser shall be appointed in his stead, which appointment shall be made in the same manner as provided above for the appointment of the appraiser so failing, refusing or unable to act.

(4). The notice of intention to exercise the repurchase right can be given or withdrawn at any time after failure of the Developer to comply with this section and before this section terminates as provided below. If the Authority elects to pay the appraisal amount to the Developer for the Property, the Property shall be conveyed to Authority "as is." A title insurance policy shall be provided at the expense of Developer in the amount of the repurchase price and insuring Authority's title is in the same condition as when conveyed by the Authority to the Developer, subject only to the foregoing primary mortgage and construction liens. The foregoing right to repurchase shall automatically terminate upon final completion of construction of the Project and

related improvements on the Property pursuant to plans approved in accordance with the terms hereof

(5). The term “commence construction” as used in this Agreement shall mean the pouring of footings for a building within the Property. The term “completion” as used in this Agreement shall mean the issuance of an occupancy permit by City for each of the buildings on the Property.

40. No Reliance. No third party is entitled to rely on any of the representations, warranties, or agreements of the Developer or West Allis contained in this Agreement. The Developer and West Allis assume no liability to any third party because of any reliance on the representations, warranties and agreements of the Developer and West Allis contained in this Agreement.

41. Survive the Closing. The agreements, covenants, warranties and representations contained herein shall survive the Closing of the transaction contemplated herein. Following completion of the Project, West Allis agrees to provide upon request a written certificate of completion in a form mutually agreed to by the parties that confirms completion of the Project and termination of those provisions of this Agreement that, by their nature, terminate upon Project completion.

42. Representations and Warranties. All statements contained in any certificate, instrument or document delivered by or on behalf of the Developer pursuant to this Agreement and the transactions contemplated hereby shall be deemed representations and warranties by the Developer unless otherwise expressly provided.

43. Binding Effect. The terms and conditions of this Agreement shall be binding upon and benefit the Parties and their respective successors and assigns.

44. Good Faith. The Parties covenant and agree to act in good faith in the performance and enforcement of the provisions of this Agreement.

45. Confidentiality Agreement. West Allis acknowledges that certain portions of the materials to be exchanged pursuant to this Agreement (e.g., financial statements, project models) may contain sensitive and proprietary information relating to the Developer, Guarantor and the Project and that disclosure could cause irreparable harm if such materials were to be made available to the general public. Additionally, certain of the materials to be exchanged may be trade secrets or copyrighted. The Parties further acknowledge that West Allis is subject to the requirements of the Wisconsin Public Records Law. Wis. Stats. §§19.21 et seq. Under these statutes, all documents and records are subject to public disclosure, unless there is a statutory, common law, or public policy reason for nondisclosure. The Parties acknowledge that this Agreement is subject to the provisions of the Public Records Law of the State of Wisconsin. This Agreement, the Development Agreement, the Development Financing Agreement, and other attachments to this agreement are deemed to be public records. Should West Allis receive a records request for Developer's' pro forma, project financial models, or other documents that contain the Developer's financial information, West Allis shall notify the Developer of the request and afford the Developer a reasonable period of time (not to exceed 10 days) to respond to West Allis. If the Developer objects to release of the requested record(s) or part thereof, West Allis shall perform the common law balancing test. If West Allis determines that the balance falls in favor of non-disclosure, it shall so inform the Developer and the requestor. If West Allis determines that the balance falls in favor of disclosure, it shall so notify the Developer and the requestor and afford the Developer a reasonable time (not to exceed 10 business days) to commence an action seeking to prevent disclosure of the record(s).
