INSTRUCTIONS

Complete this form, print and sign it, and serve a hard copy upon the West Allis City Clerk. If you have questions about how to fill out this form, please contact a private attorney who can assist you.

NOTICE OF CLAIM

Date of incident: 11/24/2023 Time of day: 01:31
Location: Intersection on S. 62 St at W. Washinton St, City of West Allis in Milwaukee County.

Describe the circumstances of your claim here. You may attach additional sheets or exhibits. Some helpful information may be the police report, pictures of the incident or damage, a diagram of the location, a list of injuries, a list of property damage, names and contact information for witnesses to the incident, and any other information relevant to the circumstances.

As stated in the West Allis Police Department Wisconsin Motor Vehicle Crash Report, Unit 1 was traveling northbound on S. 61 St Street in West Allis, Unit 2 was traveling eastbound on W. Washington Street. Unit 1 traveling northbound did not have a stop sign, as supported by the police report. Unit 2 failed to yield the right of way in the uncontrolled intersection. The area was a construction zone and the stop sign, for northbound S. 61st Street had been removed for construction and was found lying on the ground opposite corner, causing a hazardous intersection. This created an uncontrolled intersection that had previously been controlled. The lack of proper traffic control resulted in Unit 1 colliding with Unit 2, which was traveling eastbound with no traffic control signals or other warning device in place. The collision occurred in the middle of the intersection. There were no personnel at that location providing traffic control due to the missing stop sign. The construction crew failed to warn of traffic hazards. The missing stop sign was lying on the ground on the opposite corner of the street, seen in the video is evidence of poor workmanship and carelessness by the construction crew showing lack of due regard for those traveling at this intersection creating a hazardous even deadly situation. Immediately after the accident, West Allis police quickly arrived and soon after a temporary stop sign was put in place, supported by the video accompanied with this claim. Police responded with quick action to have the stop sign temporarily replaced. As seen in the video, the vehicles were connected to the tow truck when you see the stop sign being placed in a simple temporary fashion without complication by a construction crew member with police officer present.

The National Highway Transportation and Safety Administration (NHTSA) has issued 1 safety-related recall notice(s) that may apply to the selected vehicle.

NHTSA ID: 16V753000 **Issued: Oct 10, 16** **Number of Vehicles: 00000180**

EXTERIOR LIGHTING:TURN SIGNAL Mazda North American Operations (Mazda) is recalling certain model year 2017 Mazda6 vehicles manufactured August 12, 2016, to September 28, 2016 and equipped with optional accessory fog lights. Due to an incorrect combination switch being installed, the turn signals may not automatically cancel by the rotation of the steering wheel. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment." A vehicle continuously driven with the turn signal flashing may result in confusion to other drivers, increasing the risk of a crash. Mazda will notify owners, and dealers will replace the combination switch, free of charge. The recall began December 2016. Owners may contact Mazda customer service at 1-800-222-5500. Mazda's number for this recall is 0316J.
