\* Neher Bid #2 with OSI low pressure sodium was removed from consideration as OSI was unable to supply the bulbs at this time. The second lowest bidder for items A-F is Graybar Electric, offering Phillips LPS and GE HPS lamps. Since the quote stated that Items A-F would be awarded in the aggregate, Graybar will be awarded the purchase order for these items. Next year the award for LPS and HPS will be separate categories. Item G PAR 38 LED's will be awarded to the lowest responsible bidder, Gexpro.
