**Petition To Improve Automobile Traffic In City of West Allis**  
**January 29<sup>th</sup>. 2015**

Thank you for the improved road and traffic management during 2014...Greatly Appreciated.

**Petition : North and south bound traffic Stop Signs on 116<sup>th</sup>. Street at w. Walker Street intersection should be removed.** Removal of these Stop Signs will eliminate undue driving stops. Driving north on 116<sup>th</sup> Street from Greenfield Avenue;

- 1.) We have Stop and Go Lights.
  - 2.) A block north at Madison Street intersection, "No Stop Sign for 116<sup>th</sup>. Street traffic"?
  - 3.) A block further north at Washington Street, a Stop Sign.
  - 4.) Another Stop Sign one block north at Walker Street, a third Stop.
  - 5.) And again one more block north at Theo Trecker Way, another Stop Sign.
- Five street blocks in a row and four required traffic driver stops.

My 60 minute walks on 116<sup>th</sup>. Street include walking north and south of Greenfield Avenue. The Stop Signs on 116<sup>th</sup>. Street, intersected at Walker Street is excessive required stopping. It is a three way stop intersection and should not warrant 116<sup>th</sup>. Street drivers to stop. We do not have a Stop Sign on 116<sup>th</sup>. Street and Madison Street intersection which is no different than the 116<sup>th</sup>. and Walker intersection.

I believe this is a valid appraisal of unnecessary driving stops. Drivers on South 116<sup>th</sup>. Street will appreciate the removal of the Stop Signs at the Walker Street intersection. If there is a safety issue at this intersection; a 24 hour - 7 day a week Stop Sign does not seem to be a proper solution.

You may want to consider the fact that we have four intersections just south of Greenfield Avenue on 116<sup>th</sup>. Street to Lincoln Avenue. Including the "Bike, Walk and Run" West Allis Cross Town Connector. And as of to date, we have not had a need for Stop Signs at these intersections. Please give your timely attention to this petition for the eliminating of excessive driver stopping at the intersection of south 116<sup>th</sup>. Street and west Walker Street.

Sincerely Yours, a 26 year resident of West Allis.
