Mayor and Members of the Common Council
of the City of West Allis
c/o Mr. Paul Ziehler, Administrator-Clerk-Treasurer
City of West Allis
7525 W. Greenfield Avenue
West Allis, WI 53214

Dear Mr. Ziehler:

In accordance with Section 66.0309(10) of the Wisconsin Statutes, the Southeastern Wisconsin Regional Planning Commission is hereby providing to you a certified copy of the SEWRPC Amendment to the Natural Areas and Critical Species Habitat Protection and Management Plan for the Southeastern Wisconsin Region. A copy of Commission Resolution No. 2010-19 adopting this plan as a guide for the physical development of the Region is bound in the front of this report. The report documents an amendment to an important element of the evolving comprehensive plan for the physical development of the Region—a plan for the long-term protection of natural areas, critical species habitats, and significant geological sites for the seven-county Southeastern Wisconsin Region.

It is respectfully requested that, upon the recommendation of the City Plan Commission, the Common Council endorse this important plan element, and direct integration of the findings and recommendations of the plan amendment into ongoing City activities related to natural resource management, open space protection, and land use development.

City endorsement of this regional plan amendment is important to help assure a common understanding among the municipalities within the Region—as well as among special purpose units of government, various State and Federal agencies of government, and private conservation organizations involved—concerning the protection and management of the natural areas and critical species habitats of the Region.

If the Commission or its staff can be of assistance to the City in its consideration of this plan element, please do not hesitate to call upon us. Such assistance could include Commission staff presentations of the plan and its specific recommendations to appropriate City staff and agencies.

Sincerely,

David L. Stroik
Chairman
