Dear Mayor Bell:

Time Warner Cable is delighted to announce that we recently added three new channels to our Music Choice Lineup:

- **R&B Hits - Channel 908** – Offers the best R& B jams from the late 80's, 90's and today. Featured artists include Janet, Guy, New Edition, TLC and Keith Sweat.
- **90's - Channel 922** – Due to the huge popularity of pop, rock and R&B music, the biggest hits of the decade are here! Featured artists include Mariah Carey, Madonna, Pearl Jam, Bon Jovi, Sheryl Crow, Nirvana and Boy II Men.
- **Radio Disney - Channel 940** – Radio Disney is the family-friendly home of cool music that kids are passionate about and parents love to hear. Featured artists include Hilary Duff, Avril Lavigne, Cheetah Girls and Aaron Carter.

In addition, as of today Time Warner Cable added **Great American Country On Demand** to Digital Channel 1182. This channel features a broad mix of current and past Country videos, original programming, specials and concerts. **Great American Country On Demand** is the only place where country fans can see their favorite country music stars on Grand Ole Opry.

All four of these great new channels will be available to customers with the Digital Access Package or higher. Time Warner Cable is committed to providing our customers with the latest in state-of-the-art technology, entertainment and information. To that end, we will continue to launch new products and channels that will enhance our customer's lives. Stay tuned for more exciting services later this year!
