

To The City of West Allis :

On the evening of May 25<sup>th</sup> 2016 Officer Clark was putting my phone into a protected area. While he was putting it away he dropped the phone. It shattered the screen and the phone is no longer in any working order. *The phone is 6mo old and is \$600.00*

He called my mother the next day. He said that he had dropped the phone. The height that the phone was dropped shattered the screen and it is no longer in working order. He gave his last name and a number to be placed with the claim. The number that was given is 16-02-0068.

He had told her to file a claim at Milwaukee City Hall but that was not correct. I had a few medical procedures done and was unable to bring the phone in any sooner.

I am disabled and without my phone it is very difficult to get information on my appointments and any type of the many procedures I have done, or to try to set up any transportation.

Thank you for your cooperation and please inform me ASAP on the results of this process.

Thank-You, and Officer Clark with this matter, Jake M. Napientek
