

Details of Complaint

I lawfully parked and left my vehicle in the northbound parking lane of 2100-2200 S 95th St at approximately 1:20 pm on Saturday August 13, 2016. At approximately 6:20 pm I received a call from the West Allis Police Department. The dispatcher notified me that my vehicle was involved in an accident and further explained that my vehicle was struck by an ambulance. The dispatcher asked if I could come to the scene to meet with an officer. I explained that I could not come immediately as I was attending the State Fair. The dispatcher told me an officer would contact me regarding the incident. At approximately 6:45 pm I received a call from Officer Meyer explaining that an ambulance missed its destination and reversed into my vehicle striking it in the front causing damage to the front bumper cover and hood as well as supporting hinges and mounting posts. Officer Meyer left a partially filled in West Allis Police Department Driver Exchange and Information Sheet on my vehicle. Officer Meyer said the city would take full responsibility for the incident and advised me to get several estimates and provide them to the city attorney.

I have taken several pictures of the scene including my vehicle and the street where my vehicle was parked. However, at the time of the pictures the ambulance was already gone. I have also notified my insurance carrier and they advised me to pursue the city directly for repairs to my vehicle and all other costs associated to it.
