Ann,

Did this make it on the agenda last month? I just want to make sure it was addressed.

Hi Chuck,

Thanks for the update. Can you please have Jessica refer the matter to the L&H Committee? I am hoping the Committee will take some action against Tanner Paull b/c the representative of the lodge promised this would never happen again.

Thanks
Jenna

Jenna,

FYI....

Ron & Tony,

Please let me know if we have issues during your shift and keep an eye on it again.

Thanks,

Cchuck

Subject: Tanner Paul-Karma Night Club

Gentlemen,

At your request officers made a walk through at Tanner Paul shortly after 2200hrs to check on the festivities. We found that this event does not appear to draw many people till later in the evening. At the time of our visit we found approx. 20 people at the event other than the workers. I made contact with the new business owner Lauri Purcell along with the manager Roland Brown. We checked the bar area and found that they had removed all the bottled alcohol from that area and locked the coolers. The bottled alcohol was moved into the kitchen area which Lauri assured me would either be locked or attended to by Brown or herself.

I expressed some of the police departments concern with events of this nature and provided her some tips to make sure it functions with minimal disruption to the community. Purcell said they intend to have security on site for each event and were pleased with the representation they had the week prior. They indicated the security staff was diligent about searching patrons and making sure a certain dress code was adhered to. I advised Purcell to contact the City Attorney's office in the future to get information on what ordinances specifically apply to the events she is hosting so she is sure to be in compliance. Purcell was very receptive to officers suggestions and appeared to be happy that we intended to check in on occasion to insure an orderly event.

I created an update(13-015243) for our walk through so both Purcell's and Brown's name would be in our system for the future.

Hopefully this covered the things you wanted looked into.

Todd Clementi
