Dear Ms. Gauger,

I'm in receipt of a communication from you stating that the West Allis Public Library is a beneficiary in a trust from Jane Gallant for the sum of Five Thousand Dollars.

What wonderful news as we are very appreciative for Jane's generous and thoughtful gift! The bequest will work to benefit many as the Library serves as the centerpiece of the community and is the busiest suburban public library in Milwaukee County.

I have completed the W-9 as directed, and if you require any other information please do not hesitate to contact me.

If there are family members of Jane's whom I may contact to properly thank, I would be grateful if you would please pass along their names(s) and addresses so that I can forward to them our sincere appreciation.

Best regards,

Michael Koszalka
