C. APPROVAL OF MINUTES

1. [18-00431](#) June 27, 2018 Draft Minutes

Attachments: [June 27, 2018 - Draft minutes](#)

A motion was made by Mr. Lisinski, seconded by Ms. Hirn, that this matter be Approved. The motion carried unanimously.

D. NEW AND PREVIOUS MATTERS

- 2A. [2018-0575](#) Special Use Permit for Pizzeria Scotty, to relocate and establish a restaurant within the existing commercial building located at 9022 W. Oklahoma Ave.

Attachments: [Application - Pizzeria Scotty](#)

This matter was Recommended For Approval on a Block Vote.

- 2B. [18-00426](#) Site, Landscaping and Architectural Plans for Pizzeria Scotty, an existing business to relocate and establish a restaurant within the existing commercial building located at 9022 W. Oklahoma Ave., submitted by Travis Puschnig of Pizzeria Scotty (Tax Key No. 517-9982-002 and 517-9982-003).

Discussion ensued with questions being answered by staff.

Erin Hirn inquired on whether the applicant will maintain the recommended greenspace.

Eric Torkelson questioned the timing of implementing recommended lighting updates. Will this be addressed with building permits or latest occupancy? Staff indicated that the required updated are typical at a time prior to issuance

of the building permit, but could also be required prior to occupancy.

Recommendation: Recommend Common Council approval of the Special Use Permit for Pizzeria Scotty, to relocate and establish a restaurant within the existing commercial building located at 9022 W. Oklahoma Ave. and approval of the Site, Landscaping and Architectural Plans for Special Use Permit for Pizzeria Scotty, to relocate and establish a restaurant within the existing commercial building located at 9022 W. Oklahoma Ave., submitted by Travis Puschnig, d/b/a Pizzeria Scotty (Tax Key No. 517-9982-002 and 517-9982-003), subject to the following conditions:

(Items 1 through 5 are required to be satisfied prior to any work being done that is associated with the proposal reviewed by Plan Commission. Contractors applying for permits should be advised accordingly.)

1. Revised Site, Landscaping and Architectural Plans being submitted to and approved by the Department of Development to show the following: (a) architectural plans to reflect any HVAC, kitchen exhaust(s), and/or roof top units; (b) identify changes to the exterior building color and materials including the awning material. The City doesn't allow plastics, instead fabric awnings or metal; (c) additional greenspace/landscaping area being incorporated into the site on the east side of the building between the parking area and building. The east side of the building is paved for a previous drive-thru window. Planning is recommending that some pavement in areas on the east side of the building (between concrete wheel stops and building) be removed for more greenspace excepting walkways to/from employee and customer access points to parking lot. The existing hedge around the property needs some trimming; (d) the refuse area shall feature a 4-sided enclosure. I believe it may have been designed that way, but the gates are turned inward and it's currently functioning only as 3-sided. Please confirm/ensure that the existing area is large enough to accommodate all exterior waste, recycle, and grease containers; (e) direct all lighting fixtures downward to avoid light splay beyond property limits. (f) show the location of existing and proposed lighting poles and fixtures and details being provided on plan. Contact Steven Schaer, Planning Manager at 414-302-8460 with any questions.
2. An estimated cost of landscaping and screening being submitted to the Department of Development for approval. Contact Steven Schaer, City Planner at 414-302-8460.

3. A surety bond or other form of security as required under Sec. 12.13(14) of the Revised Municipal Code in the amount of 125% of the estimated cost of landscaping and screening shall be executed by the applicant prior to the issuing of a building permit. The security form shall be submitted to and approved by the Building Inspections and Neighborhood Services Department, relative to the cost estimate as determined in Condition #2. Contact Steve Schaer at (414) 302-8460.
4. Consolidate two lots into one via CSM. A certified survey map will be a condition of the approval. The purpose will be to consolidate the two properties into one lot.
5. Common Council approval of the special use (scheduled for August 7, 2018) and applicant's acknowledgement of the special use resolution.

(Remaining conditions of approval to be satisfied by the property owner within one year of Plan Commission approval)

6. Signage plan being provided for staff review and approval.
7. Compliance with Section 2814 of the City's Policy and Procedures Manual relative to that policy as it relates to the replacement and repair to City walkways of damaged or defective (if any) abutting sidewalk.

This matter was Approved on a Block Vote.

Passed The Block Vote

A motion was made by Mr. Lisinski, seconded by Mr. Torkelson, to approve all the actions on the preceding items on a Block Vote. The motion carried unanimously.
