This is to notify this office of damages that the DEPT of FORESTRY AND GROUNDS operators left on the lawn and sidewalk at my residence at 3103 s 112 Th. St. while removing snow on 1-7 2016. The damage is in excess of thirty feet of lawn, and a large chipping on concrete from the sidewalk. I contacted by phone the dept. of forestry and grounds, and on 2-01-2016 a representative from there stopped to inspect the damage. The gentleman verbally stated that they would in fact repair the damage that occurred by them. He stated it would not be done until spring. I did not get this mans name however. I received a bill for this snow removal of \$ 165.85 for this workmanship. I am rather displeased at a bill to damage my lawn and sidewalk .I have lived in this home since 6-15-2000. I have ALWAYS removed the snow WIHTOUT fail throughout that time period and I did THIS TIME as well. I did not do it a SECOND time as I had a broken snow blower and was ill and missed 3 days from work UNPAYED. Needless to say I will have my day in court to explain that, as I am fighting the citation. I would appreciate a prompt response to this notice and am including pictures of some of the damages that occurred please feel free to contact me with any questions,

Regards
