Resolution

File Number: R-2004-0330

Final Action:
DEC 07 2004

Resolution relative to accepting the proposal of Microtek Systems, Inc. for furnishing a backup system and intrusion detection system for a total net sum of \$28,374.00.

WHEREAS, The Purchasing/Central Services Division has reported that it has received a proposal for furnishing a Unitrends Backup System and an IDP Intrusion Detection System for the Information Services Division of the City of West Allis, that the proposal received was reasonable; and,

WHEREAS, The Common Council deems it to be in the best interests of the City of West Allis that the proposal of Microtek Systems, Inc. be accepted; and,

WHEREAS, the Information Services Division has determined that this contract is inappropriate for competitive selection due the software being compatible with our existing computer system.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Common Council of the City of West Allis that the proposal dated November 12, 2004 submitted by Microtek Systems, Inc. for furnishing one (1) Unitrends DPU800 data protection software, hardware, warranty & installation for \$14,086.00 and one (1) Netscreen IDP Model 10 Intrusion/Prevention/ Detection system software, hardware, support & training for \$14,288.00 for the total net sum of \$28,374.00 be and is hereby accepted.

BE IT FURTHER RESOLVED, that the Purchasing/Central Services Division be and is hereby authorized to enter into a contract for the aforesaid equipment.

PCSD868

ADOPTED December 7, 2004

Paul M. Ziehler, City Admin. Officer, Clerk/Treas.

APPROVED December 9, 2004

Jeannette Bell, Mayor

November 18, 2004

To Whom It May Concern,

This letter is to request a sole source purchase of two pieces of hardware from Microtek Systems for the City's network. The Unitrends hardware is a all inclusive backup system that will give the city improved backup speed, it will meet legal requirements for backup and it will backup the entire network on one disk. The IDP hardware is an intrusion detection system that will monitor the city's network, detect unauthorized external attempts to access our network and deter and quarantine those attempts. This will give our network the best protection from unauthorized access that money can buy. Both pieces of hardware are , without a doubt, needed to insure that we have aedequate backups and excellent protection. I have funds in my budget and Mr. Paul Ziehler has authorized this purchase. I respectfully request your additional authorization. Thank you.
