WHEREAS, the Milwaukee County Board has endorsed and approved via the 2015 Milwaukee County budget the purchase of new voting machines and accompanying software to standardize election equipment; and

WHEREAS, the Milwaukee County Board’s endorsement and approval further contemplates the City of Milwaukee providing all Milwaukee County municipalities with cost-effective election equipment programming services; and

WHEREAS, the County has agreed to make an initial investment in the purchase of new election equipment not to exceed \$1,886,563.00; and

WHEREAS, the Municipality has agreed that it will reimburse the County for thirty percent (30%) of the cost of election equipment allocated to the Municipality pursuant to this Agreement; and

WHEREAS, the County and the Municipality agree that the County shall purchase the election equipment from a vendor selected by the County at a future date; and

WHEREAS, the Municipality has agreed to pay the full cost of all ongoing maintenance of the election equipment allocated to the Municipality pursuant to this Agreement;

NOW, THEREFORE, in consideration of the promises and mutual covenants of the parties set forth herein, the County and the Municipality agree as follows:

- 1. PURPOSE.** The parties agree that it is in the interest of the residents of Milwaukee County and of the Municipality to implement a unified, efficient, and cost-effective vote counting and reporting system. The parties further agree that it is in both parties’ interest to share the costs of this system upgrade. This Agreement is intended to set forth the cost-sharing terms.
- 2. AUTHORITY.** This Agreement is entered into by the parties pursuant to Wis. Stats. §66.0301.
- 3. EFFECTIVE DATE.** This Agreement shall commence upon execution by both parties.
- 4. RESPONSIBILITIES OF THE COUNTY.**
 - a. The County shall select a vendor with whom it will contract for the purchase of new voting machines and the accompanying software, modems, installation charges, and

shipping and handling charges (hereinafter “associated items”). The new voting machines and modems shall be uniform and interchangeable in all respects. Of the new voting machines and associated items purchased, a total of twenty-two (22) will be allocated to the Municipality.

- b. Of the new voting machines and associated items purchased, the County shall designate a total of seven (7) “backup” machines, to be deployed to polling locations throughout Milwaukee County in the event of machine malfunctions or other emergencies. “Backup” machines shall be stored at geographically convenient sites in Milwaukee County such that they may be readily deployed when needed on election days.
- c. The County shall monitor and enforce the terms of the vendor contract, including pursuing enforcement actions as needed. The County shall, at its sole discretion, determine disbursement of any awarded damages or penalties resulting from any such enforcement actions. The County and the Municipality shall cooperate to ensure that the Municipality is made whole in the event that it sustains damages from its use of the election equipment.
- d. The County will bill the Municipality for its share of costs as determined by the invoice(s) provided by the vendor, and will provide copies of all invoices and other relevant documentation to the Municipality.

5. RESPONSIBILITIES OF THE MUNICIPALITY.

- a. The Municipality shall reimburse the County for thirty percent (30%) of the cost of twenty-two (22) new voting machines and associated items as per the repayment schedule selected in Section 6 herein.
- b. The Municipality shall also reimburse the County for one-nineteenth (1/19) of thirty percent (30%) of the cost of seven (7) new “backup” voting machines and associated items. The nineteen (19) communities in Milwaukee County, including the Municipality, are dividing their share of this expense equally given that the “backup” machines and associated items may be deployed in any municipality as needed.
- c. The Municipality shall participate in all necessary training associated with the new machines and accompanying items. As has been past practice, the County will, at its own expense, provide training for the Municipality’s clerks. The Municipality’s clerks, will at the Municipality’s expense, be responsible for training poll workers.
- d. The Municipality shall follow all of the vendor’s operating and technical requirements and agrees to use the election equipment appropriately and as intended such that all applicable warranties remain valid.
- e. - f. The Municipality acknowledges that the County will contract with the City of Milwaukee, which will provide programming for all 25 of the Municipality’s voting machines, as well as for the seven (7) “backup” machines. Per Government Accountability Board guidelines, programming expenses will be divided proportionately between the County and Municipality depending on the number of municipal contests on the ballot. The County will reimburse the Municipality for the Municipality’s share of programming expenses at the quoted programming rates established by the City of Milwaukee, which are addressed in a separate agreement. To the extent the Municipality chooses to use additional voting machines or other election equipment beyond that addressed in this Agreement, related programming costs shall be solely the

Municipality's responsibility. Further, if the Municipality opts to have an entity other than the City of Milwaukee program its voting machines, the County will only reimburse the Municipality for said programming at the quoted programming rates established by the City of Milwaukee. Any additional programming expense shall be solely the Municipality's responsibility.

- g. The Municipality will not take any action with respect to the ownership, operation or maintenance of the election equipment allocated to the Municipality pursuant to this Agreement which would adversely affect the tax-exempt status of the bonds issued by the County to finance the acquisition of the equipment, such as, but not limited to, selling the equipment to a private entity or contracting with a private entity for operation of the equipment.
