4. Venue is proper in Milwaukee County pursuant to Wis. Stat. §§ 801.50(2)(a)(c), as Milwaukee County is the county out of which the claims alleged herein arose, and Milwaukee County is a county in which the City does substantial business.

GENERAL ALLEGATIONS

5. On December 2, 2013, Dakota entered into a contract with the City (hereinafter, the "Contract") wherein the City agreed to pay Dakota a specific sum of compensation in exchange for Dakota performing demolition services at the "Former Yellow Freight Terminal located at 11406 West Rogers Street and 11528 West Rogers Street in the City of West Allis." Attached hereto and labeled as Exhibit A is a true and correct copy of the Contract.

6. The Contract required Dakota to demolish an old truck terminal and level the site following demolition.

7. The total value of the Contract was \$208,436.

8. Dakota demolished the truck terminal and transported the waste off-site in accordance with the Contract.

9. During the course of Dakota's demolition of the truck terminal, Dakota was informed by WE Energies that Dakota could not demolish the radio tower without WE Energies removing power lines prior to the demolition and replacing the power lines following the completion of the demolition.

10. Dakota informed the City that WE Energies would not allow Dakota to demolish the radio tower without removing/replacing the power lines, and that a cost would be associated with the work performed by WE Energies.

11. WE Energies sent an invoice to Dakota for removing and replacing the power lines in the amount of \$5,236.

12. Dakota provided the WE Energies cost to the City, and the City has refused to pay Dakota for the WE Energies cost.

13. Dakota paid the WE Energies cost.

14. After Dakota had demolished the truck terminal and transported the resulting waste off-site, the City directed Dakota to level the project site with crushed limestone instead of top soil.

15. Dakota leveled the project site using crushed limestone instead of top soil in accordance with the City's request.

16. To date, the City has provided Dakota with payments totaling \$183,936.00.

17. The City has refused to provide Dakota with the remaining \$24,500 payment under the Contract.

25. Dakota informed the City of the mandate issued by WE Energies.

26. The cost of WE Energies removing the power lines and replacing the power lines following demolition of the radio tower was a \$5,236 expenditure, which was billed directly to Dakota.

29. The City has breached the Contract with Dakota by refusing to pay Dakota for the cost incurred from WE Energies.

CONSTRUCTION BY CONTRACTOR

PLANS AND SPECIFICATIONS PART OF THE CONTRACT

1. The Contractor agrees to provide certain material, all labor, tools, equipment and services and to do all things necessary for the proper construction and completion in a workmanlike manner of the work hereinbefore described and in conformity with the contract documents which include the (a) Notice to Contractors; (b) Instructions to Bidders; (c) General Conditions; (d) Specifications; (e) Special Provisions; (f) Proposals; (g) Plans; (h) Schedule of Fixed Prices; (i) Supplemental Agreements; (j) all addenda, and (k) Technical Requirements, which Contract Documents are hereby made a part of this contract as though set forth herein in full.

Specifications for Sewer and Water Construction in Wisconsin, 6th Ed., December 22, 2003, and addenda, are included by reference as part of the contract and are on file in the office of the Director of Public Works/City Engineer. In the event that any provision in any of the above Specifications conflicts with any provision in any other Contract Document, the provision in the Contract Document shall govern.

PERSONAL ATTENTION

CONTRACTOR NOT TO ASSIGN UNLESS WRITTEN CONSENT

2. The Contractor shall exercise, for the City's benefit, its best knowledge and skill and give its personal attention constantly to the faithful prosecution of the work and shall not assign by power of attorney or otherwise this contract or any interest therein or sublet any part of the work without the consent in writing of the Board of Public Works of said City. If the Contractor shall so assign or sublet without such written consent, then the Common Council of the City shall have the right in its discretion to rescind this contract and declare the same null and void and to relet the said work to some competent party; and the Contractor shall be liable to said City for such damages as the Common Council of the City shall determine, which determination thereof shall be final and conclusive on the parties hereto.

STARTING AND COMPLETION

3. It is hereby further agreed that the determination and acceptance by the City of the liquidated damages for the delay in the completion of the work shall be in addition to any other damages that the City may sustain by reason of any other breach of this contract.

CITY MAY RELET FOR IMPROPER PERFORMANCE

5. In case of improper or imperfect performance of the work herein specified by the Contractor in the event of written consent by the City, the City may suspend said work and order the entire reconstruction of the whole or any part or may, at its option, relet such partial or entire work to another competent party. The City may do likewise in case said work shall not be prosecuted with such diligence and with such number of men as to insure its completion within the time limited herein, or may employ men and secure material for the completion of the same and charge the cost thereof to the Contractor which sum may be deducted from any balance due the Contractor and without waiver of any rights of the City with respect to liquidated damages for the delay and completion of the work or for actual damages of the breach of any other part of this contract to be performed by said Contractor.

CONTRACTOR TO HOLD CITY HARMLESS FOR INJURIES OR DAMAGES TO THIRD PERSONS

6. INDEMNIFYING AGREEMENT

9. To the fullest extent allowable by law, Contractor hereby indemnifies and shall defend and hold harmless the City of West Allis, its elected and appointed officials, officers, employees or authorized representatives or volunteers and each of them from and against any and all suits, actions, legal or administrative proceedings, claims demands, damages, liabilities, interest, attorneys' fees, costs, and expenses of whatsoever kind or nature whether arising before, during, or after completion of the work hereunder and in any manner directly or indirectly caused, occasioned, or contributed to in whole or in part or claimed to be caused, occasioned, or contributed to in whole or in part, by reason of any act, omission, fault, or negligence, whether active or passive, of Contractor or of anyone acting under its direction or control or on its behalf in connection with or incident to the performance of this Agreement. Contractor's aforesaid indemnity and hold harmless agreement shall not be applicable to any liability caused by the sole fault, sole negligence, or willful misconduct of the City of West Allis, or its elected and appointed officials,

officers, employees or authorized representatives or volunteers. This indemnity provision shall survive the termination or expiration of this Agreement.

In any and all claims against the City of West Allis, its elected and appointed officials, officers, employees or authorized representatives or volunteers by an employee of Contractor, any subcontractor, or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or any subcontractor under worker's compensation, disability benefit, or other employee benefit laws.

No provision of this indemnification clause shall give rise to any duties not otherwise provided for by this Agreement or by operation of law. No provision of this indemnity clause shall be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity that would otherwise exist as to the City of West Allis, its elected and appointed officials, officers, employees or authorized representatives or volunteers under this or any other contract. This clause is to be read in conjunction with all other indemnity provisions contained in this Agreement. 11. The Contractor shall prepare and present a schedule of materials delivered and work performed to the Director of Public Works/City Engineer. The Director of Public

CHANGED CONDITIONS

13. If the Contractor encounters physical conditions at the site of the work of an unusual nature, differing materially from those which might be reasonably encountered and generally recognized as inherent in work of the character provided for, or implied in the Plans and Specifications, he shall promptly and before such conditions are unduly disturbed notify the Director of Public Works/City Engineer, in writing, of his intention to claim an adjustment in compensation. The Director of Public Works/City Engineer shall thereupon promptly investigate the conditions and, if he finds that such conditions do so materially differ and cause an increase or decrease in the cost of the contract or in the time required for performance of the contract, the contract will be modified, in writing, and an equitable adjustment made in accordance with the contract unit price, fixed extra price or time and material, as the case may be.

If the Contractor fails to give the Director of Public Works/City Engineer written and timely notice of his intention to claim an adjustment in compensation, as herein before provided, and to afford the Director of Public Works/City Engineer the opportunity to investigate any changed conditions claimed before they are unduly disturbed, the claim may be denied by the Board of Public Works.

GUARANTEE

14. All work shall be and is guaranteed to a period of one year from and after the completion date of the work. For purposes of this contract, the completion date is the date certified by the Director of Public Works/City Engineer. If, within said guarantee period, repairs or changes are required in connection with the work, which, in the opinion of the Director of Public Works/City Engineer, is rendered necessary as the result of the use of materials, equipment or workmanship which are inferior, defective or not in accordance with the terms of the contract, the Contractor shall promptly, upon receipt of the notice from the Director of Public Works/City Engineer, and without expense to the City, restore the work to a satisfactory condition, correct all defects, make good all damage to the structure, site or contents thereof, which damage, in the opinion of the Director of Public Works/City Engineer, results from the use of such inferior or defective materials, equipment or workmanship.

If, within ten (10) days after notice, the Contractor fails to comply with the terms of any guarantee herein contained, the City may have the defects corrected and the Contractor or his surety shall be liable for all expenses incurred; except, when, in the opinion of the Director of Public Works/City Engineer, delay in correcting the defects would cause serious cost or damage, repairs may be made by the City without notice being given to the Contractor and the Contractor shall pay the cost thereof.

All special guarantees or warranties applicable to specific parts of the work, as may be stipulated in the Contract Documents, shall be subject to the terms of this paragraph during the one-year guarantee period. All special guarantees and manufacturers warranties shall be delivered to the Director of Public Works/City Engineer before shop drawings on items of major equipment are approved, guarantees and warranties for other items shall be furnished prior to the acceptance of the work.

15. Nothing contained in the contract herein shall be construed to prevent the Board of Public Works or the Common Council from extending the time to complete the work under this contract and this contract is signed by the respective parties and the surety with the understanding that such extension of time may be given when considered proper, and shall not be deemed a modification or a change affecting the liability of the surety.

CHANGE OF MATERIAL

16. It is further agreed that any change of material different from that specified in the specifications shall, when agreed upon by the Contractor and Common Council in writing, be accepted by all parties in lieu of that so changed and shall in no way be considered as changing said contract, but all parties including the surety signing this contract do so with the knowledge that such changes are likely to be made.

DELAYS

17. The City shall not be liable to the Contractor and/or any subcontractor for claims or damages or monetary claims of any nature caused by or arising out of delays from any cause whatsoever, including but not limited to any time which may be specified for the notice to proceed under this contract. The sole remedy against the City for delays shall be the allowance to claimant of additional time for completion of work, the amount thereof to be reasonable as determined by the Director of Public Works/City Engineer.
