

Sally Nusslock  
Acting Health Commissioner  
City of West Allis.

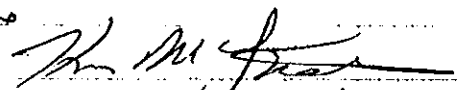

2/23/12

Ms Nusslock,

I am writing this to appeal the variance granted to MotorCastings. I do not believe the health and safety of myself and the neighborhood have been fairly represented in your decision making process. Many inaccuracies were made in your variance statement. Although you make the claim that MotorCastings has spent a great deal of money to rectify the problem. The facts clearly show that as MotorCastings spent the money on expansion, the decibel levels have clearly risen substantially.

I believe that you only weighed the political impact as to how this might affect your employment status. That is to say whether your 'acting' status as Health Commissioner would become permanent. I also believe you knowingly hid pertinent documents from the public. Your office then doctored this document before releasing it.

Because of this and more, I believe my only relief is to take this matter before the Common Council.
