CITY CLERK

To Administrative Appeals Review board,

I would like you to consider an appeal for the dangerous dog order the sensors we were 1 day late and a few and also many health issues. Let off we received a phone call that I mistook for its dropped from health dept. 2nd my son I drove to Police Station several times & were told just get appeal request on the 16th at latest. We sat 2 hrs with an officer. My dog is a small Corgi who doesn't bite & is my "comfort dog" since my husband recently passed away. I have many health issues my son acts as caretaker & he has actually been going thru Cancer treatment for last year. He called health dept & also said 16th is when letter needed to be in. I waited because all issues move because mainly was told it was dropped and my son made some calls & we went to Police station several times then I found out that it needed a letter in "no later than 16th" when you received it. I can't afford to move because of this.

Thank you,

Anne Dakernas 9-22-17

To Whom it May Concern:

I, Arne Dakouras, wish to dispute Case #17-027118.
"Chip" is a comfort dog he helps me. My husband
died and my son is fighting cancer all in the
past year. I am sever depression & need neck surgery
& brain surgery. He is my comfort dog.

I thank you,

Arne J. Dakouras 81612
