Mr. Mark Dudzik  
7326 W. Beloit Rd.  
West Allis, WI 53219

Dear Mark,

At the September 28, 2022, monthly meeting of the Library Board of the West Allis Public Library, I brought forth your verbal request that the board reinstate your library privileges at the library.

After careful deliberation and discussion, the library board members directed me to inform you that your ban at West Allis remains intact. One of the issues discussed was allowing you to use the library but not the public computers. However, because the technology does not exist to allow you access to other libraries while disallowing you access to library computers (by "blocking" your library card), such a scenario is not possible.

Additionally, the board requests document(s) from any of your medical professionals that states that some level of rehabilitation has been achieved, and that you no longer will be drawn to the sites that led to your ban at West Allis. I believe that type of documentation is integral for the board to consider reinstating your library privileges at West Allis.

Finally, the board was disappointed to learn that our discussion took place inside the library, and that you had ignored the ban that remains in place. Such actions can be viewed as disrespectful, and I will remind you that you remain banned and should not be on library property at any time.

If you have any questions, please feel free to reach out to me via email ([mkoszalka@westalliswi.gov](mailto:mkoszalka@westalliswi.gov)), or phone (414) 302-8534.

Sincerely,

Michael Koszalka, Director  
West Allis Public Library
