Re: Dynamic Medical Equipment; 10236 W. National Ave.

Dear Monica:

This letter is to inform you of a claim for damages and costs incurred on a minor building alteration project at the above referenced address.

The condensed scenario of this claim is that the Inspection Department of the City of West Allis has caused an unwarranted four week delay in the completion of this project, and unwarranted costs by requiring multiple plan revisions for the inclusion of a “service sink”, interior ramp to a raised sales platform, and “threshold lowering” that are not required in accordance with the IEBC (International Existing Building Code), but insisted on by the Inspection Department Staff, Ms. Shelly Kerwin, Robert Johnson, and Ed Lisinski.

Then after forcing the delay in work because of repeated office visits and over the counter discussions where I tried to explain that they were wrong in their demands supported by the building codes, requiring me to obtain a plumbing permit, completing the rough plumbing work, purchasing the fixtures, and required inspections, I receive an email notice from Ed Lisinski that I was correct, and the service sink is not required to be installed. No apology included!

The erroneous demands of the Inspection Department personnel caused the business owners to have added costs to store their purchased store inventory, and to pay tenant space lease costs for an additional month while compliance was being met under protest!

I would also like to bring to your attention that I have continually received unwarranted, unreasonable, and vindictive attention from Mr. Robert Johnson all through this project, and it continues to this date because of my challenges to their bullying authority.

I would like to have a meeting with you to discuss this further and explain in more detail at your convenience.

Sincerely,

Steven R. Sharpe  
Architect/Project Manager
