

West Allis Public Library CivicPlus Site Project Details

Design & Project Overview

- Administration separate from parent (City) site
- Separate template from parent (City) site
- Separate design elements and color scheme from parent (City) site, including template, banner, colors, style, and graphic elements.
- Unique graphic buttons
- Unique URL (Ex: www.westallislibrary.com)
- SSL
 - *SSL (Secure Sockets Layer) is a standard security protocol for establishing encrypted links between a web server and a browser in an online communication. The usage of SSL technology ensures that all data transmitted between the web server and browser remains encrypted.*
- Unique global navigation
- Existing and future modules separate from parent (City) site
- Optional shared site search (returns results from both library and City sites)
 - NOTE: This can be turned to " library site only."
- Up to 20 pages of content will be developed. Additional development may be purchased.
- Training not included
 - Note: Training on CivicPlus software can be provided by City of West Allis Communications Dept.

Fees

- Client shall pay CivicPlus \$8,150 in one-time development fees
- Client's Annual Services Fees shall also be subject to an increase of \$1,125, subject to proration to correspond with Client's existing billing cycle
