City Council City of West Allis, Wisconsin West Allis, Wisconsin

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of West Allis, Wisconsin (the "City") as of and for the year ended December 31, 2019, and have issued our report thereon dated July 30, 2020. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards* (Uniform Guidance), and the Wisconsin *State Single Audit Guidelines*, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

# Significant audit findings

# Qualitative aspects of accounting practices

# Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2019.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

# Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

• The net OPEB liabilities, deferred outflows of resources, and deferred inflows of resources reported for the OPEB benefits are calculated by an actuary based on census data and the plans' assumptions for discount rate, inflation rate, mortality, retirement, and other data. We evaluated the key factors and assumptions used to develop net OPEB liabilities, deferred outflows of resources, and deferred inflows of resources for pension benefits in determining that it is reasonable in relation to the financial statements as a whole.

- The net pension liability, deferred outflows of resources and deferred inflows of resources reported for the pension benefits are calculated by an actuary based on census data and the retirement systems' assumptions for discount rate, inflation rate, mortality, retirement, and other data. We evaluated the key factors and assumptions used to develop net pension liability, deferred outflows of resources, and deferred inflows of resources for OPEB benefits in determining that it is reasonable in relation to the financial statements as a whole.
- Management's estimate of useful lives of capital assets is based on the City's capitalization policy. We evaluated the key factors and assumptions used to develop the useful lives of capital assets in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the allowance for doubtful accounts is based on historical billings, historical loss levels, and an analysis of the collectability of individual accounts. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the health claims payable and workers compensation is based on actuarial estimates. We evaluated the key factors and assumptions used to develop the City's benefit obligations in determining that it is reasonable in relation to the financial statements taken as a whole.

# Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

# Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

# Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

# Corrected misstatements

The attached schedule summarizes all misstatements (material and immaterial) detected as a result of audit procedures that were corrected by management.

### Disagreements with management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

### Management representations

We have requested certain representations from management that are included in the attached management representation letter dated July 30, 2020.

# Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

# Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

# Other audit findings or issues

We have provided a separate letter to you dated July 30, 2020, communicating internal control related matters identified during the audit.

# Audits of group financial statements

We noted no matters related to the group audit that we consider to be significant to the responsibilities of those charged with governance of the group.

# Quality of component auditor's work

There were no instances in which our evaluation of the work of a component auditor gave rise to a concern about the quality of that auditor's work.

# Limitations on the group audit

There were no restrictions on our access to information of components or other limitations on the group audit.

# Other information in documents containing audited financial statements

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We compared the RSI for consistency with management's

City Council City of West Allis, Wisconsin Page 4

responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

With respect to the schedule of expenditures of federal and state awards (SEFA\SESA) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the SEFA\SESA to determine that the SEFA\SESA complies with the requirements of the Uniform Guidance and the Wisconsin *State Single Audit Guidelines*, the method of preparing it has not changed from the prior period or the reasons for such changes, and the SEFA\SESA is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the SEFA\SESA to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated July 30, 2020.

With respect to the supplementary information, as included in the table of contents, accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated July 30, 2020.

The introductory and statistical sections accompanying the financial statements, which is the responsibility of management, was prepared for purposes of additional analysis and is not a required part of the financial statements. Such information was not subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we did not express an opinion or provide any assurance on it.

Our auditors' opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document.

This communication is intended solely for the information and use of the City Council and management of City of West Allis, Wisconsin and is not intended to be, and should not be, used by anyone other than these specified parties.

This representation letter is provided in connection with your audit of the financial statements of the City of West Allis, Wisconsin (the "City"), which comprise the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions on whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, as of July 28, 2020, the following representations made to you during your audit.

# **Financial Statements**

- 8. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements for each opinion unit. A list of the uncorrected misstatements is attached to the representation letter. In addition, you have proposed adjusting journal entries that have been posted to the entity's accounts. We have reviewed and approved those adjusting journal entries and understand the nature of the changes and their impact on the financial statements. We are in agreement with those adjustments and accept responsibility for them.
- 9. The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
- 10. The fact that the amount of "uncollateralized" deposits or "uninsured, unregistered securities held by the counterparty, or by its trust department or agent but not in the entity's name" during the period significantly exceeded the amounts in those categories as of the financial statement date was properly disclosed in the financial statements.
- 11. Receivables recorded in the financial statements represent valid claims against debtors for transactions arising on or before the financial statement date and have been reduced to their estimated net realizable value.
- 12. We have no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
- 13. We believe that all material expenditures that have been deferred to future periods will be recoverable.
- 14. We believe that the actuarial assumptions and methods used to measure pension and other postemployment benefits (OPEB) liabilities and costs for financial accounting purposes are appropriate in the circumstances.
