NARRATIVE

INITIAL CALL

On 10/16/19 at 2215hrs I responded to Speedway, 5712 W. Burnham St, for a dog bite complaint. Upon arrival I spoke with a Speedway employee, Tina M. Dequardo, f/w, 9/10/63.

CONTACT WITH TINA DEQUARDO

Tina said she was outside smoking a cigarette with David J. Lozada, m/w, 10/1/66, when a man walking a dog (on a leash) approached them. Tina said she recognized the man as a regular from the store, but did not know his name. The man was walking past with his dog, which the man said was a black lab. David said the dog was friendly, and gave Tina permission to pet the dog.

Tina put her hand out so the dog could smell her. When she did so the dog lunged and bit her on the left breast causing a large laceration. The dog pulled Tina to the ground while biting her. Tina said the bite lasted only a second or two, but she began bleeding. Tina became concerned the bite may have punctured her breast implant. Tina said the man walked around the parking lot, but took off running when Tina said to call police. Tina said the man did tell her the dog was up to date on its rabies vaccination.

CONTACT WITH DAVID LOZADA

David said he was outside with Tina smoking a cigarette when the man approached them with the dog. Tina and David each recognized the man as living in the area. The man said the dog was friendly, so Tina asked to pet the dog. When the dog approached Tina it jumped up and bit Tina on her breast. The dog pulled Tina to the ground before the owner was able to pull the dog away.

The man remained on scene briefly, but took off running with the dog when police were called. David described the man as Hispanic, about 6'2", in his 20s, with dreadlocks. David said the man lived above the In and Out Grocery store on the northeast corner of S. 60th St/W. Burnham St.

OFFICER OBSERVATIONS/ACTIONS

Tina had a large gash under her left breast. Tina was able to stop the bleeding using a paper towel which was soaked in blood by the time I arrived. Tina was transported to Aurora West Allis Medical Center for treatment, so I responded with other officers to the area where the suspect was last observed.

Officers were able to determine the address of the residence above the grocery store as 5926 W. Burnham St. Officer Baumgart located a piece of mail listing to

Fabian P. Bendlin, m/w, 2/15/87, in apartment five.

I located Fabian's name in our local Phoenix system with a booking photo. Fabian matched the physical description given by Tina and other witnesses. Officers knocked on the door to apartment five and made contact with Fabian.

CONTACT WITH FABIAN BENDLIN

Fabian said it was he and his dog that were involved in the incident at Speedway. Fabian said he knows Tina because lives in the area and walks his dog regularly past the store. Tina said the dog looked good, and asked to pet the dog.

Fabian said his dog is a 10 month old male Staffordshire pit bull/black lab mix, and was friendly. Fabian told Tina she could pet the dog. Tina put her hand out, and the dog sniffed her. Tina put her hand out and stiffened her arm; possibly to prevent the dog from jumping up.

The dog suddenly lunged at Tina and bit her, but Fabian did not know where. Tina said she was bleeding, but Fabian did not see any blood at the time. Fabian said he left to put the dog away, and find his rabies paperwork. Fabian told Tina he would be back, and said the dog had its rabies vaccination.

Fabian said he knew Tina, and did not run to get away. He wanted to quickly find the rabies paperwork and return to the scene. Fabian was unable to locate the rabies paperwork, but did locate the rabies tag. Fabian said he had the dog in its harness and on a leash while he was walking it.

OFFICER ACTIONS

Fabian showed me the rabies tag dated 2019 from the Human Society Milwaukee Campus license number 9082. Officer Borree served Fabian with the quarantine and

dangerous dog order. Fabian was advised that since he provided the rabies tag he could quarantine the dog at home, but that he would need to find the paperwork to show health department personnel.

Fabian was advised to have the dog seen by a veterinarian with the following 24hrs in accordance with the quarantine paperwork. Fabian read over the paperwork, said he understood, and signed the form. He was provided copies of the quarantine and dangerous dog order.

MEDICAL TREATMENT

Later in the evening I spoke with Tina at Aurora West Allis Medical Center about her injury. Tina said she was waiting to receive a scan of her breast to verify if her implant was punctured or not. Tina said she had not yet received any stitches or sutures. I gave Tina my card with the case number, and told her I would contact her the next day. Tina said she did not want Fabian cited for the dog bite.

On 10/17/19 I called Tina and left her a message asking about her injury. At the time this report was submitted I had not yet heard back from Tina. I will add a supplement if/when I hear from Tina.

CASE DISPOSITION

Tina was transported to AWAMC for medical treatment. Fabian was issued the quarantine and dangerous dog order. I emailed Daniel Koralewski at the health department advising him of this incident. The paperwork was scanned/attached to this case.
