#### C. DISCUSSION ITEMS

1. [2017-0166](#) Discussion regarding recycling and garbage collection issues.

The Director of Public Works updated the Committee on the recycling and garbage collection contracts. Advance Disposal and Groot are no longer being considered for a number of reasons. We are still waiting for final costs/fees from Milwaukee, which has been frustrating. Representatives from John's Disposal were in attendance and answered questions from the Committee. They also explained their proposal. The Development Department met with West Allis Salvage to review funding options with them. Public Works will be testing a full day's recycling dump on Thursday to allow West Allis Salvage to determine if they can handle our recyclables without new equipment.

The Board directed that the ordering of recycling carts be delayed until more information is obtained and reviewed.

**This matter was Discussed.**

#### D. ADJOURNMENT

**A motion was made to adjourn the meeting at 7:00 p.m.**
