14. Expiration of Special Use Permit. Any special use approved by the Common Council shall lapse and become null and void one (1) year from and after that approval if the use has not commenced, construction is not underway, or the owner has not obtained a valid building permit. An extension of these time limitations may be granted without a public hearing by the Common Council by resolution reauthorizing the special use in accordance with the following criteria:

A. The applicant requesting the extension shall complete a planning application available from the Department of Development and shall submit a \$250.00 extension fee.

B. A written explanation for the extension of time shall accompany the planning application along with a timeline/schedule for obtaining necessary permits, zoning, state and municipal approvals and a target date for construction start;

16. Lapse. If the applicant does not meet all of the terms and conditions set forth in this grant of a special use within one year of the granting thereof, then the Special Use Permit shall lapse and become null and void and the applicant shall forfeit any right to use the property as conferred by the Special Use Permit.
