An Ordinance to Create Section 9.32 of the West Allis Revised Municipal Code Relating to Check Cashing Businesses.

The Common Council of the City of West Allis do ordain as follows:

PART I. Findings and Declaration of Necessity.

CHECK CASHING BUSINESSES

The City of West Allis is experiencing a proliferation of check-cashing businesses making non-traditional, short-term consumer loans. Such businesses tailor their services to make them attractive to persons experiencing unfavorable economic circumstances, often aggravating those circumstances. Additionally, it has been found that through their business practices, check-cashing businesses are susceptible to attracting criminals seeking to commit robberies. Finally, when clustered in an area, such locational concentration creates an unwarranted negative impression regarding the economic vitality of a commercial district and the community at large, limiting the type and variety of businesses in these areas. Based on their proliferation, their susceptibility to crime and the negative effects of their proliferation, the Common Council finds that the health, safety and welfare of the residents of the City of West Allis should be protected by legislation limiting the geographic proliferation of check-cashing businesses.

PART II. Section 9.32 of the Revised Municipal Code of the City of West Allis is hereby created to read:
